OPENING NARRATION

We are pleased to officially announce the formation of a new Joint Venture between **AIWA Builders LLC** and **Gulf Namar Company LLC**, now operating under the unified name:

AIWA GROUP OF COMPANIES

This strategic partnership brings together the international expertise of **AIWA Builders LLC**—a renowned name in construction, engineering, and real estate development—with the strong local presence and trusted reputation of **Gulf Namar Company LLC** in the Kingdom of Saudi Arabia. Both companies, under the same visionary leadership, share a commitment to excellence, innovation, and service.

The newly formed **AIWA GROUP OF COMPANIES** is poised to offer comprehensive and integrated solutions across Saudi Arabia and the broader region. Our core areas of expertise include:

- General Construction and Infrastructure Projects
- Real Estate Development
- Mechanical, Electrical & Plumbing (MEP) Services
- Fire Protection & HVAC Systems
- Steel Structures and Industrial Mechanical Systems
- Trading of Construction Materials and Equipment
- Skilled Technical Manpower Supply

Through this collaboration, we strengthen our capabilities and expand our service reach, allowing us to deliver high-quality projects with enhanced efficiency, innovation, and reliability.

We extend our heartfelt gratitude to our clients, partners, and associates for their continued trust and support. We look forward to building on this foundation and exploring new horizons together under the **AIWA GROUP OF COMPANIES**

Version 06.02.01 September-2025

AIWA PROFILE

ARAMCO Approval

Gulf Namar Company LLC. is a reputed electro-mechanical contracting company who have the ARAMCO approval. The vendor code is **10068323**

About Our Company

Aiwa Builders & Gulf Namar Company LLC. is one of the best construction and Industrial Service company in Saudi Arabia. We are the renowned and trusted for the industrial support services in Kingdom of Saudi Arabia. ORGANIZATION CHART

AIWA ORGANIZATION CHART

THE BUSINESS NATURE OF CIVIL & FINISHING WORK

AIWA provides all types of Civil (Infrastructure) & Finishing Work. *Our portfolio of solutions and services include:*

- ✓ Infrastructure
- Civil Foundation Work
- Steel Structure Work
- Road Construction Work
- Asphalt Work
- Foot Over Bridge Work
- All Kind of Finishing Work
- Cladding Work
- Painting
- ✓ Gypsum & Cement Board Work
- Marble & Granite Work
- **✓** Decoration
- Ceiling Decorative Design
- Epoxy Paint
- Tiles Work
- ✓ Wooden Decor
- ✓ Plastering
- Concrete Screed
- ✓ Waterproofing
- Interior Design & Work

THE BUSINESS NATURE OF MEP WORK

AIWA provides all types of Fire Protection, HVAC Systems, Electrical and Plumbing as well as state-of-the-art Security and Integrated Telecommunications Solutions to a wide range of market sectors such as Oil & Gas, Commercial, Telecommunication, Transportation Facilities, Industrial, Power & Water and Marine. Our portfolio of solutions and services includes:

- Fire Protection Systems
- Fire & Gas Detection Systems
- Fire Fighting Equipment
- Fire Suppression System
- ✓ Deluge Systems
- ✓ Foam Systems
- Fire Monitor Systems
- ✓ HVAC System
- Chilled Water System
- Refrigeration & Air Conditioning System
- ✓ Ducting Network System
- Copper Piping Networks
- ✓ Plumbing System
- Irrigation System
- ✓ Water Treatment
- ✓ Industrial Water Supply
- ✓ Industrial Pipelines
- ✓ HDPE Pipe Work
- FRP, GRP Pipe Work
- Swimming Pool Water & Drainage system
- Electrical System
- Low Current System
- ✓ Low Voltage System
- ▼ Telecommunications System
- Fire Alarm System
- ✓ CCTV System
- ✓ Industrial Power Supply
- Street Light Network
- Building Management System (BMS)
- Access Control Systems
- Power Distribution
- All kind of external under-ground works

Aiwa Builders & Gulf Namar Company LLC. Provide extraordinary services in Air Conditioning or HVAC systems

AIWA have highly qualified HVAC specialized division, we can provide all kind of HVAC solutions for Installing & Maintenance services along supply of units.

CENTRAL AIR CONDITIONING

The HVAC Systems Contains

- Central Air Conditioning
- Air Handing Unit
- ▼ Fan Coil Unit
- Dehumidifier
- Air Filtration System
- Chillers
- VRF / VRV System
- ✓ Ducted AC System
- ✓ Split AC
- DX Unit
- ✓ Inverter / Non Inverter Ducted Package Ac system
- ✓ Refrigeration (cool rooms and freezer rooms)
- All aspects of building compliance maintenance

We provide a high level of service to all our clients and this is underpinned by the number of buildings where we have ongoing relationships for service, installation, upgrade and design of mechanical, electrical and fire related systems. Our routine testing and maintenance procedures are supported by an effective after-hours emergency service wherever required.

COPPER PIPING & DUCTING WORK

Ducting GI (Rectangular, Round, Oval):

AIWA have their own factory for manufacturing & fabrication for all shape & all sizes duct with highly qualified installation team.

Duct Designing in AUTOCAD:

We have team of highly qualified designer for duct designing, we use technical method for designing the same as per air velocity in CFM/CMH.

DUCT FABRICATION WORK

AIWA is a reputed Duct Importer, Fabrication, Supplier in Saudi Arabia. We have skilled manpower with a highly advanced technology duct workshop.

FIRE PROTECTION SYSTEMS

Aiwa have highly qualified Engineering & Technical team for Fire Protection system, we can provide all kind of Fire protection solutions for Installing & Maintenance services along supply of materials.

FIRE PROTECTION SYSTEM

The Fire protection System Contains:

- ✓ Fire Water Pump
- Sprinkler Network System
- **☑** Deluge System
- **☑** Fire Suppression System
- ✓ Novec System
- ▼ FM200 System
- ✓ CO2 System
- **✓** Wet Chemical System
- **☑** Extinguishing System
- ✓ Aerosol System
- Fire Hydrant System
- Fire Doors
- ✓ Fire Hose Cabinets
- Foam System

FIRE DOOR SECURITY

As part of our services, we have a highly qualified teams for Fire door security systems along with supply of all the materials related to fire door.

- We make sure that all locks are functioning well. Fire doors that are correctly fitted last longer and are easier to maintain.
- As fire door contractors, we ensure there are no gaps in your walls or doors. Openings may allow the entry of fire, so we make sure there aren't any.

THE LATEST IN FIRE DOOR TECHNOLOGY

- We will ensure that the design of the fire doors fit the interior design of your company as comply with NFPA and SBC.
- ✓ If your doorways aren't of standard width and height, don't worry we can get your fire doors custom-made to fit any opening, ensuring a smooth fire door installation.

FIRE DOOR SECURITY

Fire Door Surveys
Fire Door Inspection
Fire Door Maintenance
Fire Door Supply

Our fire door teams are thoroughly trained and competent. Making sure your fire door installation goes smoothly and successfully. All of our fitted fire doors have a label to demonstrate that the door is certificated.

FIRE DOOR INSTALLATION

Our fire door installations team of fitters work directly for Arrow Services, and we guarantee (for complete peace of mind) the following with our fire door installation services:

PLUMBING SYSTEMS

Aiwa have highly qualified Engineering & Technical team for Plumbing system, we can provide all kind of plumbing solutions for Installing & Maintenance services along supply of materials.

PLUMBING SYSTEMS

- ✓ Portable Water Supply Networks.
- ✓ Sewage Water Network.
- Storm Water Network.
- ☑ Irrigation System with Water Sprinklers.
- **☑** Sanitary Fixing.
- Water Leak Detection.
- Mot & Cold water Circulation.
- ✓ Swimming Pool Water Circulating Network.
- **✓** Water Heater.
- ☑ Booster Pump, Lifting Pump and Other All kind of Plumbing Pump.
- ✓ All Kind of Industrial Pipelines.
- ☑ Drinking Water Cooler.
- Central Water Heater.
- ✓ Domestic Water Supply.
- ✓ Water Tank

DEWATERING & SHORING

The natural geographic structures of Saudi Arabia, especially sea-side cities and suburbs, often have high level of ground water presence. Excavation in high ground water level is other Challenge dimension and has to be solved in an efficient way and the least time

possible.

Aiwa specialized personnel the latest version equipment's are available to the demand of such situation to execute efficiently works the excavation with various type of support dewatering and shoring systems, (steel driven piles up to 16m depth, trench box, trench liner, single and multi-stage dewatering system required).

Aiwa Builders & Gulf Namar Company is an expert in choosing and implementing the right solution for dewatering. Dewatering is the process of removing groundwater from a job site using a dewatering system. When groundwater infiltration threatens safety and progress, we have the expertise to engineer and design a custom dewatering solve your system groundwater problems.

DEWATERING & SHORING

AIWA minimizes your project risks by creating dry, stable conditions for excavations. Whether it's rain accumulation or hydraulic groundwater intrusion, AIWA draws upon decades of experience with all types of dewatering services.

The company's expertise includes shallow wells, vacuum wellpoint systems, deep wells, and sump dewatering. More than just technical solutions, AIWA provides complete, hands-off service. The correct dewatering system is designed, installed, and operated for the life of the project, allowing customers to forget about water problems and focus on what they do best. AIWA has the capability to do any kind of temporary and permanently shoring to support a building, vessel, structure, or trench with shores (props) when in danger of collapse or during repairs or alterations. According to customer requirements and cost-effectiveness, we can offer various options of shoring such as sheet piling, consequence concrete pile, soldier wall (timber wall shoring), rock shoring, etc.

Our expertise in shoring of deep excavation is derived from the necessity to retain the sides of open excavations. AIWA own modern equipment geared to driving horizontal or angled anchors and nails, along with tensioning jacks necessary of the construction of deep basements.

AIWA's expertise includes the design and execution of:

- Shoring system and tie-back anchoring
- Sheet Pile cofferdams
- Secant Piles
- Diaphragm walls
- All grouting works
- Stability of rock slopes

AIWA possesses in-house capabilities to design grout mixes suitable for a variety of ground conditions and multipurpose high pressure grouting operations. Our engineers are well experienced in the design and implementation of dewatering schemes for open excavations using techniques ranging from open sumps to well point and deep well systems. Where well points systems are deemed to be necessary

HDPE SUPPLY & INSTALLATION SERVICES

HDPE Pipe Installation Services

AIWA have expanded our expertise through in-house experience of HDPE installation services since its inception. We have worked with many main contractors and are a highly regarded sub-contractor for major construction projects in KSA.

We offer our HDPE Supply & installation services to the regional construction. industrial, water and waste water industries. We carry out HDPE pipeline installation & welding services with Butt Fusion & Electro **Fusion** techniques. Our operations team consists of skilled, certified qualified and technicians with the knowhow of up-to-date technology experienced and with precise accuracy and perfection for the works.

HDPE SUPPLY & INSTALLATION SERVICES

Our team of expert engineers & technicians being very well aware of the importance & criticality of the job are committed to provide prompt solution & service within the time frame.

HDPE Welding and Jointing Services

AIWA has Expertise in all HPDE-related maintenance, Welding and Jointing works. Several types of joining methods are available for HDPE pipes and it depend on the size and type of application. The first common type of Joining HDPE pipe is Mechanical Joining which compose of Compression type and Flange type, and the other is the Permanent Joining which compose of Butt Fusion Welding and Electrofusion Welding.

FIBER GLASS INDUSTRIAL SERVICE

AIWA with a Team of Well Experienced and Qualified Professionals Worked in Various Projects, AIWA Offers GRP pipes services include all fiberglass pipe mainly GRP, GRV, GRE, and RTR pipes.

- + Installation of Underground GRP pipe
- + Installation of Aboveground GRP pipe
- + Repair

Installation of Underground GRP pipe

Pipes will be installed as per the guidelines provided in the international standard AWWA M45 which is summarized below.

- **✓** Trench Excavation.
- **☑** Bedding.
- Laying.
- **✓** Joining.
- ✓ Backfilling and compaction.
- ✓ Installation of Aboveground GRP pipe.
- Repair of GRP Pipe.
- Tanks and Spool.

Third Party inspection of long-term GRP pipe tests.

AIWA Providing Inspection at various stages of longterm test like HDB test, Strain Corrosion and Creep test also verification of calculation to predict the long-term properties of GRP pipes as per the guidelines in ASTM standards mentioned below.

- + ASTM D2992: Standard practice for obtaining Hydrostatic or Pressure design basis for fiberglass pipes and fittings.
- + ASTM D2584: Destructive Examination Gel Test
- + ASTM D2583: Hardness Test

THERMAL ENERGY STORAGE (TES) SOLUTIONS BY AIWA GROUP

At **AIWA Group of Companies**, we are proud to announce our expanding expertise in the design, fabrication, and installation of **Thermal Energy Storage (TES) tanks**, supporting sustainable and energy-efficient cooling and heating solutions across Saudi Arabia.

With a commitment to engineering excellence and innovation, our team has successfully delivered **TES** tank systems for various district cooling, industrial, and commercial applications, ensuring optimal performance, energy savings, and peak-load management.

Our TES Capabilities Include:

- Chilled Water Thermal Energy Storage Tanks
- ✓ Hot Water and Process Fluid Storage Systems
- ✓ Stratified Tank Design with Internal Diffusers
- ✓ Turnkey Execution: Engineering, Procurement, Construction & Commissioning
- ✓ Insulation & Cladding (PUF, Mineral Wool, Aluminum, GI, SS)
- ✓ Integration with HVAC, Chiller, and Renewable Systems

GLS TANK SUPPLY & INSTALLATION BY AIWA GROUP

AIWA Group of Companies proudly offers comprehensive solutions for the **supply and installation of GLS (Glass-Fused-to-Steel) Tanks** across Saudi Arabia. Recognized for their durability, corrosion resistance, and quick installation, **GLS tanks** are the ideal choice for a wide range of storage applications.

With a growing portfolio of successful projects, AIWA has become a trusted partner for clients in the water, wastewater, firefighting, and industrial sectors, delivering high-quality storage solutions tailored to site-specific needs.

Our GLS Tank Capabilities Cover:

- Potable Water Storage Tanks
- Wastewater Treatment & Process Tanks
- ✓ Firewater Storage Tanks
- ✓ Irrigation and Agriculture Storage Systems
- ✓ Turnkey Solutions: Design, Supply, Civil Foundation, Erection & Testing
- Compliance with International Standards (AWWA, ISO, EN)

POWER & ELECTRICAL SYSTEMS

POWER & ELECTRICAL SYSTEMS

The Electrical Works Contents

- **☑** Electrical System.
- **✓** Transformer.
- Conduit Networks.
- **☑** Wiring System.
- **☑** Cable Pulling.
- **☑** Cable Tray work
- ✓ Panel Boards.
- Circuit Breakers.
- ✓ Switch & Sockets.
- **☑** Lighting Fixtures.
- ✓ Street Light Network.
- **☑** Low Current System.
- Fire Alarm System.
- ✓ CCTV System.
- ✓ Sound System.
- **☑** Building Management System (BMS)
- Security System

LOW CURRENT SYSTEM

LOW CURRENT SYSTEM

Low Current Services by AIWA Contracting Company

Aiwa Builders & Gulf Namar Company LLC. is a leading provider of low current services in the Kingdom of Saudi Arabia. Our expert team of professionals specializes in designing, installing, and maintaining low current systems for a wide range of applications in residential, commercial, and industrial projects. With a focus on safety, efficiency, and innovation, we strive to deliver state-of-the-art low current solutions that meet our clients' unique needs and requirements.

Comprehensive Low Current Solutions

Our low current services encompass a diverse range of systems and applications, including:

Security and Surveillance: We provide cutting-edge security systems such as CCTV, access control, and intrusion detection to ensure the safety and security of your property and occupants.

Fire Alarm and Safety: Our team is experienced in designing and installing fire alarm systems and emergency lighting solutions that comply with local regulations and international standards, ensuring the safety of your building and its occupants.

Data and Networking: We offer comprehensive data and networking solutions, including structured cabling, fiber optic installations, and wireless networking systems, to support seamless communication and data transfer within your facility.

Audio-Visual Systems: Our low current services also include designing and installing high-quality audio-visual systems for conference rooms, auditoriums, and other commercial spaces.

Building Automation and Control: We provide advanced building automation and control systems to optimize energy efficiency, comfort, and security in your facility.

Public Address and Paging Systems: Our team specializes in designing and installing public address and paging systems to ensure clear and effective communication in large-scale facilities or public spaces.

FINISHING WORKS

FINISHING WORKS

Finishing Work Contains:

- Interior Design
- Painting
- Epoxy Paint
- Gypsum Board
- Cement Board
- ✓ Handrail
- **✓** Glass Work
- ✓ Wooden & Aluminum Doors
- **☑** Windows
- Bulding Cladding
- Signboard
- **✓** Furniture
- Wooden Decoration
- Tiles & Granite Work

CLADDING, GLAZING AND GLASS WORKS

AIWA is one of the Best service provider of Residential & Commercial Cladding Services, Commercial Glazing Services and Structural Glazing Services.

We carved a distinct niche for ourselves in the industry by offering a range of top notch quality Cladding & Interior services that are at par with the industry standards. Owing to the industrial expertise of our dexterous professionals, we are able to develop a consortium of quality driven services that are innovative and extremely cost effective.

Our Customer requirements and demands are precisely studied in detail, which helps us develop a range of services that delights the customers We make use of advanced tools driven by cutting-edge technology to ensure the execution of impeccable quality services in conformation with the industry standards.

DOORS & WINDOWS

AIWA is a leading company of high-quality windows and doors, offering comprehensive solutions for both residential and commercial building projects. With a commitment to excellence, we deliver & install competitive factory-direct prices to wholesalers and distributors worldwide.

Choose Aiwa as your windows and doors supplier & installer to gain access to an experienced team that work together with your project, and help you win your market.

Dedicated teams of Service Engineers support the AIWA customer base to offer electrical, mechanical, HVAC, plumbing & Civil construction preventative and reactive maintenance throughout all market sectors.

Service Teams provide routine planned maintenance and urgent repairs. We also specialize in providing teams of Engineers who can carry out modifications or extensions to existing systems at short notice.

Formal maintenance contracts are tailored to meet individual needs that may range from an annual service visit to permanently manned sites. Service agreements cover all types of fixed Fire Protection and Detection Systems including Hand Extinguishers and Hose Reels.

AlWA also offers Online Analyzer and Lab Analyzer Maintenance and Support Services to the oil & gas, power & water, industrial and infrastructure market sectors, as we believe we can offer a service for multiple brands of systems from a single source, whereas the End-user would usually engage multiple vendors to complete the necessary service and support on a typical site.

MANPOWER SUPPLY

Aiwa Builders & Gulf Namar Company LLC. are supplying skilled manpower of all professions with utmost reliability.

Provides consulting services and a highly qualified workforce that suits clients' aspirations to build strong long-term relationships based on trust and commitment.

ARAMCO APPROVAL

Saudi Aramco E-Reference No. 0003807

Registration Approval Letter

May 20, 2021

Attention : GULF NAMAR CONTRACTING EST

CR Number : 2050121992

Supplier Type: Service Provider Only

Country : Saudi Arabia

We are pleased to inform you that GULF NAMAR CONTRACTING EST is now registered in the Saudi Aramco Supplier Management System under Vendor Code No. 10068323, provided your company continues to meet all relevant Saudi Arabian and Saudi Aramco standards.

This registration, however, should not be construed as a commitment by Saudi Aramco to procure from you. Being registered as a supplier only grants your company the opportunity, along with other registered sources, to respond to requests for submitting proposals in accordance with Saudi Aramco's established policies and procedures. All procurement instruments including but not limited to service contracts, purchase agreements, or purchase orders will be issued based on the name and address included in your commercial registration (CR), as stated in your Supplier Registration.

Saudi Aramco wishes to remind you that being recognized as a supplier carries with it serious obligations and responsibilities to act in a legal and ethical manner. We wish to remind you of the Saudi Aramco Supplier Code of Conduct (SCOC) which you acknowledged. Failure to abide by the principles set forth in the SCOC can result in adverse actions being taken by Saudi Aramco against you including suspension of you as a supplier. Saudi Aramco also expects each of its suppliers to satisfy each of the requirements of any procurement instrument which might be placed and to act responsibly and reliably as a supply chain supplier.

Material Suppliers should apply for Saudi Aramco Supplier Portal access by forwarding a request to portal-registration@aramco.com. The Supplier Portal is the main electronic business tool used between Saudi Aramco and its suppliers and serves to improve the flow and accuracy of key supply chain information.

For further information or assistance please contact the Saudi Aramco Supplier Help Desk by forwarding a request to SupplierHelpDesk@aramco.com or via the unified call center 800-116-1168 for In-Kingdom suppliers or +966 (11) 290-8950 for Out-of-Kingdom suppliers.

Moamar Khazal Al Usaimi, Supervisor Supplier Registration Unit Supplier Relationship Management Div

It is the responsibility of the supplier to update Saudi Aramco Supplier Registration Profile through Ariba for the following:

- 1. Change of Name / Commercial Registration Number / Address / Owner(s)
- 2. Any change of the supplier location
- 3. Discontinue supply of approved commodities (9COMs and 9CATS)

This is an electronically generated letter by Saudi Aramco. To verify Supplier approval status, please contact Supplier Help Desk at supplierhelpdesk@aramco.com
